

Current clamps

NI 11R

Article number: 626 005 033

High accuracy current clamp

The NI 11R is an elegant and ergonomic current clamp, with high accuracy. The clamp is equal in functionality to the NI 11 except for the integrated True RMS measurement.

Features

- Min - max hold
- Auto ranging
- Continuity test
- True RMS
- Backlight

Including

Bag

Test leads

- + Manual
- + Batteries

Specifications

Function	Range	Accuracy
Voltage	0,1V ... 600V AC 0,1V ... 600V DC	(± 1,0% + 5d) (± 0,7% + 2d)
Current	0,1A ... 600A AC	(± 1,9% + 5d)
Resistance	0,1Ω ... 400Ω	(±1% + 3d)
Frequency	4kHz ... 10kHz	(± 0,1% + 2d)

Specifications	
Overvoltage category	CAT II 1000V / CAT III 600V
Display resolution	4000d
Max conductor size	34 mm.
Max. jaw opening	40 mm.
Standard	EN 61010-1
Dimensions	220 x 70 x 50 mm.
Weight	± 360 gram (incl. batteries)
